Different General Methods in Algorithms Design

By: Iman Khani Jazani

o *AI and Data Specialist, Business Developer | AiHum*
o *Adjunct Professor | Sharif University of Technology*
o *Senior Data Scientist, Community builder | Adin*

Last Lecture

- Short Presentations

- Big picture about methods in algorithms design

- Recursive methods in algorithms

- Application of Programming in the Digital Age!

Today

- Short Presentations

- Review the last lecture

- Searching and sorting applications

- Introduction to Searching and sorting algorithms

- Application of Programming in the Digital Age!

Together

Short Presentations

Review the Last Lecture

Algorithm design paradigms

Recursive mindset

- We use, as humans, recursive methods in our life. When we want to ready for exam, Think about it…
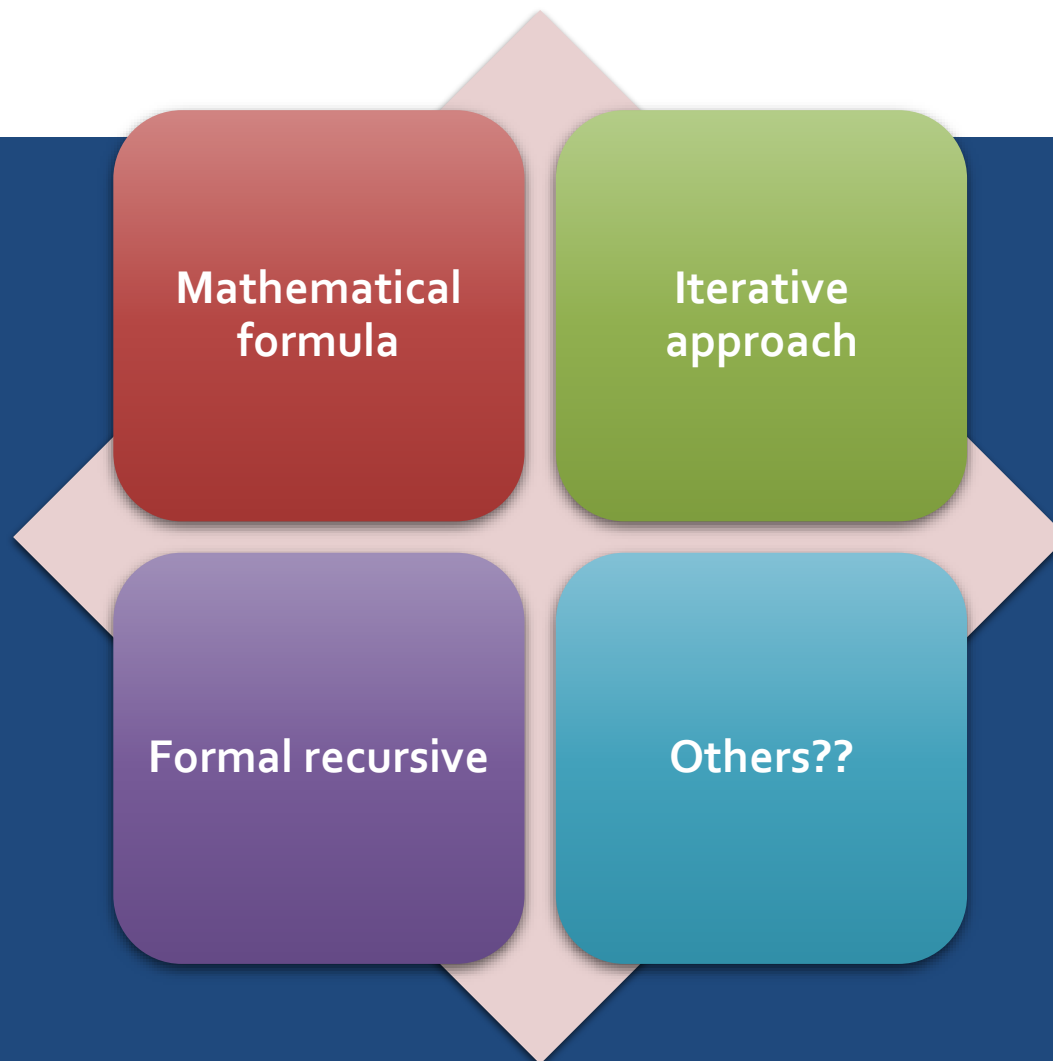

- *What is your idea about example in real life?*
Backtrack

Solve the base

Divide many times

3 attitudes?

Mathematical formula

Iterative approach

Formal recursive

Others??

# Searching and Sorting Applications

Maps

Windows file explorer

Sort By in Windows

Library: sort and search

Other Applications? 🤨

Introduction to Searching and sorting algorithms

Let's read it with each other!

Application of Programming in the Digital Age!

Your mid-term project

Breakfast & dinner - retired people

Traditional buyer

Large bills but no non-food products

Kids

Germaphobes & discount seekers
